1 STORYBOARD: FRONT PAGE

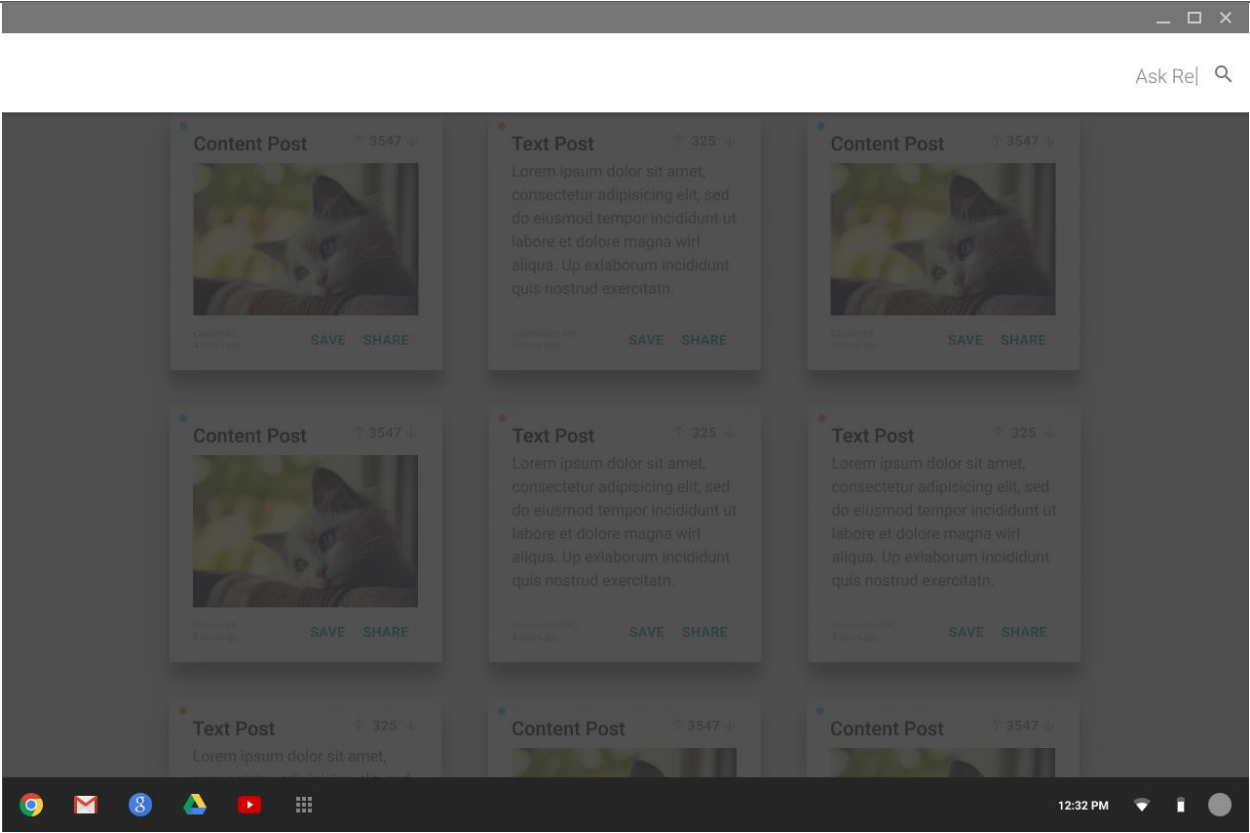

1.1 FRONT PAGE

Artifact	Usage
Logo	If you click logo, you will redirect to the home page.
Nav-bar guide button	If the user clicks the guide button, the toolbar appears.
Date and Time	If you click date and time, the post date and time appears.
Author	If you click author, a new page with author's profile appears.
Post	If you click on a Post, a new tab with the content appears.

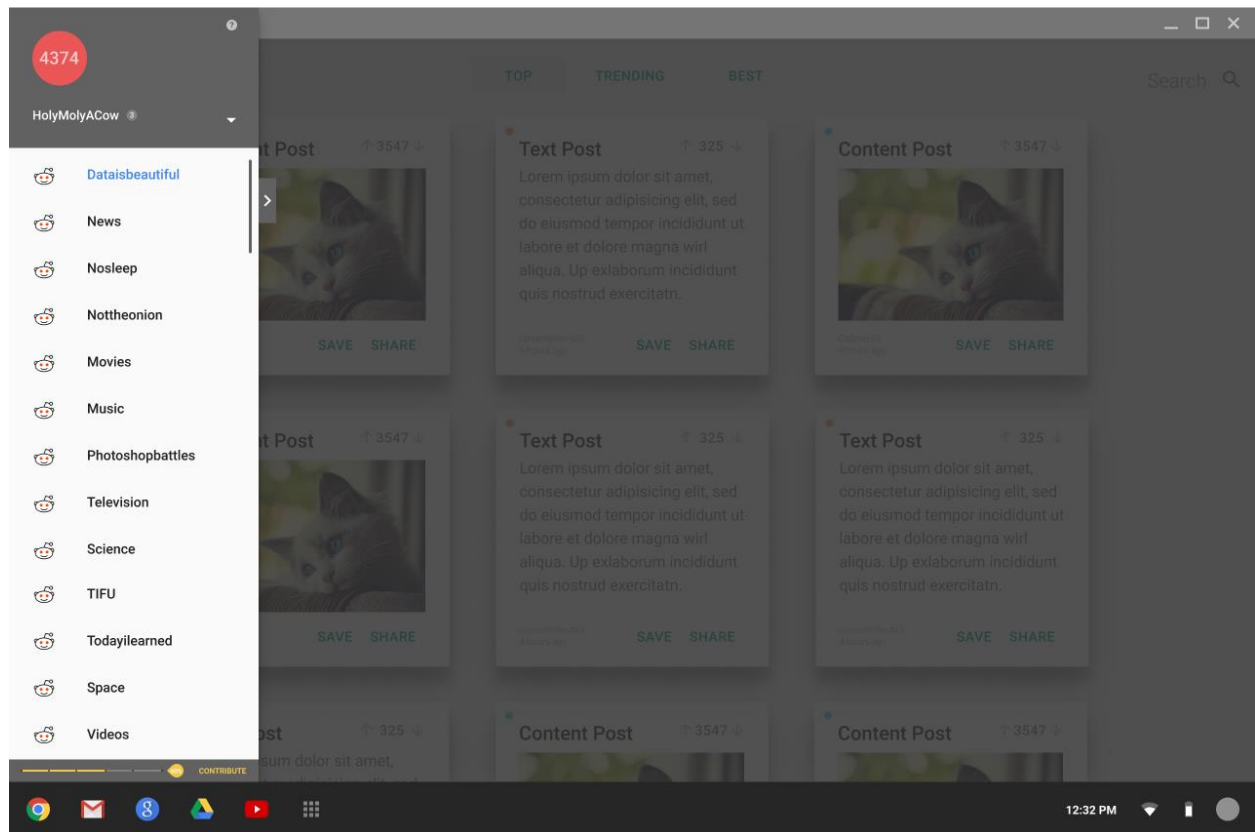

Content Title	If you click content title, a new tab with the content appears.
Save	If the user clicks on the save icon, the Post gets saved to the Saved pages section.
Share	If the user clicks on the share icon, sharing options are made available.
Upvote	If you click upvotes, the number of vote will increase.
Downvote	If you click downvotes, the number of vote will decrease.
Top	One of the three buttons in the top of the front page, so when users click on it, it would take them to the top videos of the day.
Trending	One of the three buttons in the top of the front page, so when users click on it, it would take them to the most popular videos on Reddit.
Best	One of the three buttons in the top of the front page, so if you click on Best, the content of the Posts section is replaced with the 'Best' posts of all time.

2 STORYBOARD: SEARCH

Artifact	Usage
Search Bar	When the user clicks the search bar, the content portion of the page darkens and the search bar slightly increases in size.
Search Bar Textbox	If you click in the search textbox, input a search term and hit enter, you can search the Reddit site for content. The results will appear in the content section.

3 STORYBOARD: NAVIGATION BAR

3.1 NAVIGATION BAR

The Navigation bar displays user information, saved pages, preferences, and it provides links to favorited Subreddits.

3.1.1 Top of Navigation Bar

Artifacts	Usage
Karma icon	If you click karma icon, nothing happens.
Daily Reddit Gold Goal	Displays the daily donations total and the amount the user has contributed.
Username	If you click on the username a new tab opens displaying user activity information.
Vertical Caret	If the user clicks on the vertical caret icon, a dropdown menu is displayed with a Preferences option and a Saved option. If the user clicks outside the dropdown the menu disappears.

Preferences	If the user clicks on Preferences, the content of the page is changed to the user's preferences page.
Saved	If the user clicks on Save, the content of the page is changed to the users saved page.

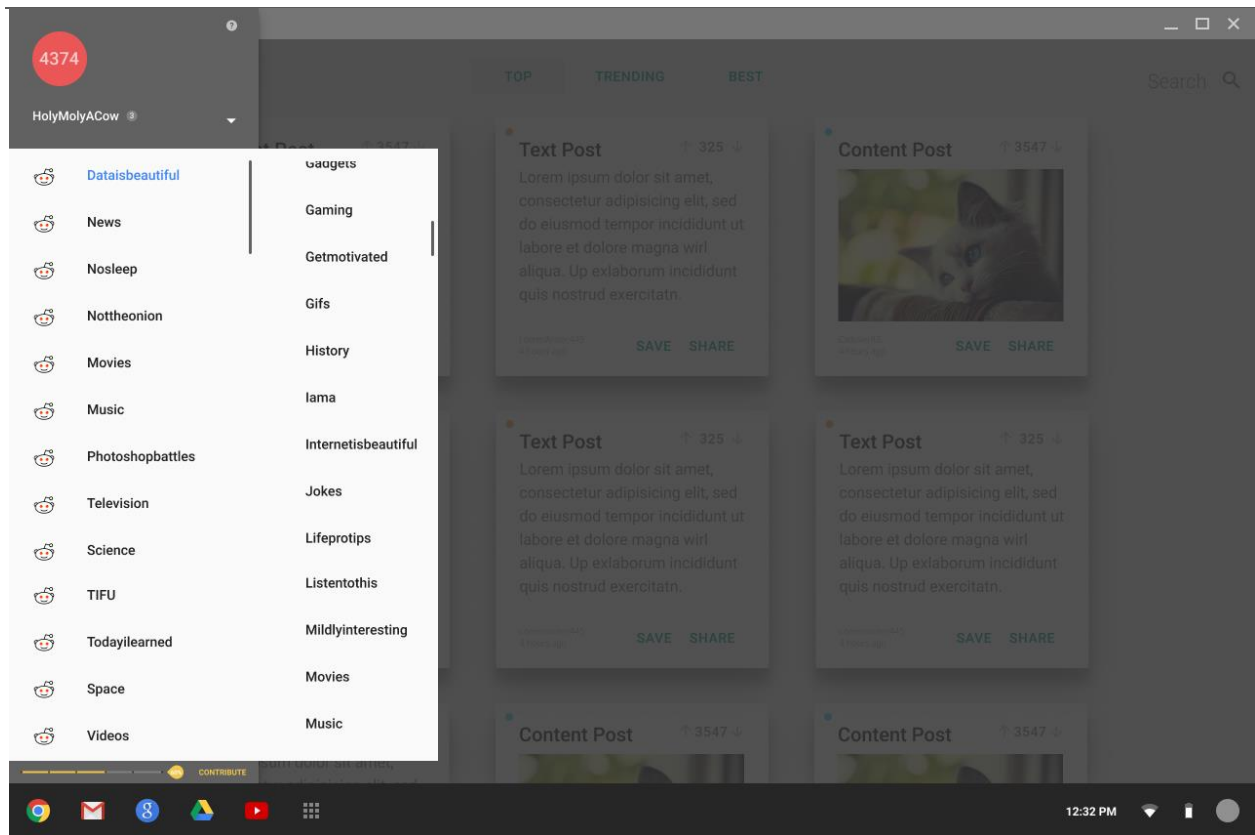

3.1.2 Middle of Navigation Bar

Artifacts	Usage
My Subreddits list	It is the list that contains the topics that the user prefer if he/she is a registered user. Also it would be the list that contains default topics if the user is unregistered.
Pull-Out Tab (Right Caret)	If the user clicks on the Pull-Out Tab icon, a panel appears to the right of the toolbar allowing the user to add Subreddits to the subreddit list. If the user clicks outside the toolbar area the panel disappears
Hide toolbar	If the user clicks outside of the toolbar the toolbar disappears.
Extension icon	If you click extension icon, you will browse all types of topics in the Subreddits list.

3.1.3 Bottom of Navigation Bar

Artifacts	Usage
Contribute & Gold Coin	If the user clicks on Contribute or the gold coin, a new tab opens to the donation page.
Daily Reddit Gold Goal	Displays the daily donations total and the amount the user has contributed.

4 STORYBOARD: SUBREDDIT SELECTION

4.1 SUBREDDIT SELECTION PANEL

This Panel lists the available Subreddits in a list. It has a vertical scroll bar.

4.1.1 Vertically Scrolling Panel

Artifacts	Usage
Subreddit Entry	If the user clicks on a subreddit entry, the subreddit gets added to the users My Subreddit List.
Hide panel	If the user clicks outside of the panel it disappears.
